

Juris Impact Summary

October 2025 – September 2026

From October 2025 to September 2026, Juris taught about 1,900 people their legal rights face to face and launched an AI legal assistant that more than 2,500 people used in its first week.

About Juris

Juris is the legal-empowerment program of Associação Empoderando Moçambique (Equip Mozambique), based in Beira, Sofala Province. Created in 2019 with the Mozambican Association of Christian Lawyers (AMAC), it turns Mozambican law into plain language and helps people act on it. It works through three channels: in-person campaigns, the free Juris app (juris.co.mz), and the new Juris Bot.

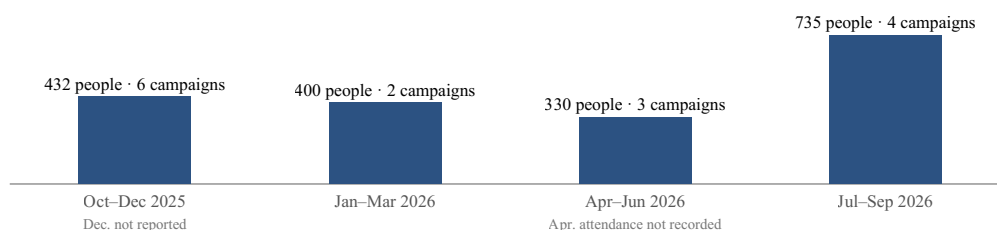

Results at a glance

Measure	Result (Oct 2025 – Sep 2026)
Legal-education campaigns	15
People educated in person	about 1,900 (432 in Oct–Nov 2025; 1,465 in Jan–Sep 2026)
Juris Bot users, first week	more than 2,500
Juris app downloads (cumulative, Sep 2026)	51,627 (1,085 new in Jan–Sep 2026)
Monthly active app users (Sep 2026)	325
Active implementing partners	12

Community legal-education campaigns

Juris ran 15 campaigns in Beira neighborhoods, schools and institutes, reaching about 1,900 people in person.

People educated in person by Juris campaigns, by quarter
1,897 people across 15 campaigns, October 2025 to September 2026

Source: Juris consolidated report, Oct–Nov 2025; AEM 2026 impact tracker, Jan–Sep 2026. Quarters with missing months are noted under the bars.

- **Where:** Matadouro, Macurungo, Chaimite and Novocine neighborhoods; Escola Geral do Estoril; Instituto Politécnico Missão Educar.

- **Topics:** early marriage, gender-based violence, child support, corruption, sexual harassment, domestic violence, land rights and labor rights.
- **How:** each session is co-presented with partners. For example, the Municipal Council covers gender-based violence, and the police (PRM) explain their role and how to report crimes, which builds trust and encourages reporting.

Digital access: the Juris app and Juris Bot

The Juris Bot, launched at the end of the period, drew more than 2,500 users in its first week.

- **Juris Bot:** an AI legal assistant that answers individual legal questions using Mozambican law and content from our lawyers. Close to 60 participants from about 30 organizations attended the launch event, which completed activities supported by a DDISA grant.
- **Juris app:** free on Android and iOS, it explains the Family, Labor and Land laws and other legislation in simple language, with images and audio, and works offline after download. It reached 51,627 cumulative downloads by September 2026, with 325 monthly active users that month.
- **Social media:** 52.9% of Juris Facebook reach in November 2025 came from people who do not follow the page, which shows our content is shared beyond our existing audience.

Partners and government engagement

Juris works with 12 active implementing partners, and monthly partner engagements rose from 7 in January to 20 in September 2026.

- **Campaign partners:** Beira Municipal Council, Mozambique Republic Police (PRM), Mozambican Association of Christian Lawyers (AMAC), CAIV, Nyanfunza and Instituto Politécnico Missão Educar.
- **Provincial government:** we presented Juris to the Sofala Provincial Chief Prosecutor, whose team then visited us and took part in one of our events. The office of the Sofala Provincial State Secretary offered to collaborate, including access to national broadcaster coverage for campaigns. The Provincial Department of Social, Children and Women's Affairs invited us to pursue a formal partnership.
- **Funders:** DDISA supported Juris staff and program costs through the Juris Bot launch.

What we learned and what comes next

Students showed very low legal knowledge in late 2025, so Juris is prioritizing more school visits and fewer topics per session.

- Confirm logistics with partners and audiences the day before each campaign, to protect turnout.
- Add the municipal urban-conduct code (Código de Postura Urbana) to sessions and the app, at the request of CAIV.
- Grow Juris Bot use and formalize the new provincial government partnerships.
